

## Before and After Hurricane Gustav Images—South Pass, Louisiana (Landsat 5 Thematic Mapper and Landsat 7 Extended Thematic Mapper+ Satellite Imagery)

May 19, 2008 Landsat 5 TM

September 9, 2008 Landsat 7 ETM+

Vegetation damage from high salinity water introduced by surge is indicated by a decrease in reflected near-infrared light by marsh vegetation as compared to the May 19, 2008 Landsat 5 TM image.
